

**The 2019 APWA Construction Inspection Conference
will once again partner with the
Rocky Mountain Asphalt Education Center (RMAEC)
for an additional day of education and training!**

Register early space is limited!

The RMAEC invites you to attend the Asphalt Paving Materials (APM) Inspector certification session as an educational program. Participants who register are interested in APM Inspection, but do not need certification. Education program attendees will be dismissed prior to the APM Inspector certification written exam.

All APWA conference attendees will be offered a reduced rate!

| |
|--|
| APWA conference attendee reduced rate - \$100 (non discounted rate - \$125) |
|--|

Course Topics - Understanding Inspection Elements:
Specifications, Surface Preparation, Materials Transfer, Sampling of Asphalt Mixtures, Paving Operations, Compaction Process, High Speed Inertial Profiling and Mat Defects.

Date: January 30, 2019

Location: RMAEC Classroom
6880 South Yosemite Court Suite 110
Centennial, CO 80112

Schedule: Check-in: 7:30 AM
Start Time: 8:00 AM
Conclusion: Estimated conclusion 2:30 PM
Lunch will be provided

Please note: Registration for this session does not include APM Inspector Certification. Education program attendees will be dismissed prior to the APM Inspector certification written exam.

If you qualify and would like to register and test for certification, all prerequisites must be satisfied. Required prerequisites include: Inspection work experience, self-verification of proficiency in Inspection Elements, and LabCAT Level A, which may be current or expired.

Please contact Diane at the RMAEC (303) 741-6148 ext. 154 for registration details and fees regarding APM Inspector Certification.
